Will Give Insignias to Managers of Various University Athletics

BERKELEY, Oct. 10.—The executive committee of the A. S. U. C., at its regular meeting held last night, decided upon the design to be given the different assistant managers of the various branches of athletics. All the managers are to be given gray sweater coats, with the insignia of gold on a blue breast piece, five and one-half inches in diameter.

BOATING MONOGRAM.

The insignia of the boating manager is to be a crossed oar, with an "A" above them, while the football manager will be given a Rugby football under an "M." An "M" over a tennis racket will indicate the tennis manager, and a baseball, struck by a bat, will be the badge of the manager of that sport. Graduate Manager Soudak was authorized to have a banner for the freshmen football team, to be given after the freshmen game. He was also authorized to have the banner of the use of one of the boating monograms as a covering for the floor in the room adjoining the rowing house.

Planning to Form an Art Association

Berkeley's Smart Set Is Greatly Interested.

BERKELEY, Oct. 10.—At a meeting to be held October 25 in the High School Auditorium an Art Association will be organized by members of Berkeley's smart set. As there are a number of wealthy people in the movement, it is believed it will not lack for finances. Extensive plans are already being made.

The new association plans to collect materials for an art gallery to rival that of Piedmont Park, Oakland, and to also organize a museum for handicraft works and curios worth preserving. The ultimate design is the formation in this city of such a museum as exists at Golden Gate Park in San Francisco.

It is thought that a large part of the exhibits will be procured in Berkeley. In connection with the association there will be a department of child development. A portion of the museum will be for the special use of children and will have a matron in charge.

From the outlook at present it is believed by those interested that a building

for the association can be erected within a year. Its location is a matter of conjecture so far, but at the meeting this month it is probable this question will be decided and steps taken at once for the purchase of the necessary property.

THOSE INTERESTED.

Among the chief movers in the association is Mrs. Elmer Carlisle of No. 2327 Vine street. Mrs. Carlisle is a member of the Hillside Club and a prominent worker in charitable organizations and in children's activities. Others identified with the movement are Charles Keeler, the poet; Bernard R. Mayhew, architect; the Rev. William Hermann Hopkins, Dr. Russell Tracy Crawford of the University of California, Professor E. P. Lewis of the University and many others. In fact, it seems probable the association will start with a membership of close to 500.

Officers have already been elected as follows: President, Professor E. P. Lewis; secretary, Miss Blanche Morse; treasurer, Mrs. Elmer Carlisle. Committees have been put in charge of various parts of the organization.

Following the meeting, October 28, the committee will begin work at once on a definite plan. Exhibits will be held to secure necessary funds for the erection of a building. Any shortage that may occur will probably be made up by subscription of the members.

The back aches because the kidneys are blocked.

Help the kidneys with their work. The back will ache no more.

Loss of power that Doan's Kidney Pills do this.

Mrs. H. S. of 2101 Clement ave. Alameda, Cal. writes: "I am a great Doan's Kidney Pills fan. I have used them in my family for years and with the very best results. My daughter had a severe illness about a year ago and was all run down as the result of her work. From that time on she complained a great deal of backache and other symptoms which plainly showed that she was suffering from kidney complaint. Reading of Doan's Kidney Pills I decided to have her give them a trial and procured a box of a drug store. The value as a kidney remedy was quickly proven. The backache was banished and her kidneys were restored to their normal action. She gained in flesh and her head has been much better since. I have also used Doan's Kidney Pills and they acted like magic. In my case the pain in the back is no longer there. I am a great Doan's Kidney Pills fan. Price 50 cents. Foster-McClellan Co. SAYS BOARDED CAR TO RUN IT

Companion of Petersen, Shot in Riot, Admits Violation of Law.

(SPECIAL TO THE TRIBUNE)

SAN FRANCISCO, Oct. 10.—James Sprague, who was with John Petersen the iron worker, when the latter was shot in a riot at Suisun and Market streets on Labor Day, admitted on the witness stand in Judge Weller's court this morning that he and Petersen shot several others boarded the car not as passengers, but with the intention of running it up the street.

Sprague accused Fred Duhon and James Watkins with the murder of Petersen. He says that the men did not make any disturbance other than their attempt to board the car and that there was absolutely no justification for the shooting of Petersen by the Lumen.

STATEMENTS VARY.

During the cross-examination by Attorney O'Connor for the United Railroads, Sprague admitted that he and his companions were committing a violation of the law in boarding the street car at all for the purpose of running it, but his other statements varied some-

what from the testimony which he gave on the occasion of the coroner's inquest some weeks ago.

The contention of the defense in the matter is that the street was in an uproar at the time, and that the two carmen were justified in protecting themselves when Sprague and Petersen and several others, who were all in parade uniform, attempted to board the car.

Judge Weller was compelled to discontinue the hearing in the middle of the cross-examination of Sprague owing to the numerous cases on his calendar. The matter wait over until Saturday morning at 9:30 o'clock.

IMPROVEMENT CLUB KICKS ON NEW PARK LAND BOUGHT

Says the \$50,000 Sum Raised Has Been
Diverted From Original
Purposes.

The Clinton Improvement Club had a lively meeting at Washington hall, East Oakland, last night, when matters pertaining to the improvement of East Oakland were discussed.

The officers and the street committee were instructed to see the city officials and insist that the money voted in the park bonds for the purchase and improvement of the Twelfth street park be set aside and used for that purpose, and that the sum of \$50,000, or such sum as be necessary, for the dredging of Lake Merritt be used for that work, as soon as the park land is acquired.

DISAPPROVE OF "MOSSWOOD."

This action followed a warm discussion of the matter presented by the street committee, which it was stated the city officials seemed inclined to divert the park bonds money from the objects originally intended, as shown by the purchase of "Mosswood" and the proposed purchase of the land north of Lake Merritt, both properties not being included in the original estimate for park purposes, and the further fact that both last year and the year before the sum of \$50,000 was raised by tax levy for the express purpose of dredging Lake Merritt and the money was quickly diverted to other uses, and the work not done. This year the same amount is included in the tax levy, and the officers were instructed to see to it that this money be used for no other purpose.

BOULEVARD EXTENDED.

The boulevard committee reported through the chairman, Earl S. Bingham, that the proposed extension of the boulevard from Twelfth street to Eighth street along the east side of the channel met with the hearty approval of the committee and property owners, as far as seen. The committee hopes that the generosity of Dr. J. H. Heath, one of the property owners, who will donate the land, will

MANAGER OF WINERY KILLED SOCIETY AGOG OVER RUMOR

Cook Alleged to Have Fired
Shot, Killing His Superior
Instantly.

FRESNO, Oct. 10.—D. J. Ellis, manager of the Lodi winery, near Fresno, was shot in the abdomen by a man named Collins, it is alleged, at 9 o'clock this morning and was instantly killed. Collins and his wife were cooks at the winery and from Collins' incoherent talk about allowing a man to shoot his wife, it is presumed that the murder was the outgrowth of something said to the woman.

The weapon used was a shot gun and Ellis fell dead on his own lawn at the winery. Collins gave himself up to the sheriff's office and the body of the man is being held in the county jail.

The murder is about 50 years old.

JUVENILE CULPRIT TO
GO BACK TO REUSS

A novel way of curing juvenile ingratitude and dishonesty has been discovered by Superior Judge Harris. Fred (Pask) is ordered to live again with Probation Officer Reuss and prove this time that he won't run his hands in his pockets. Fred is the son of a man who ran away from home and was arrested by the Oakland police for "sleeping out." He was turned over to Probation Officer Reuss, the report being for taking him into his home for sleeping out after two weeks with Mrs. Pask, his mother, and a girl, and a girl's and a boy's total value about \$100. Judge Quinn, that morning, ordered the case to the Superior Court. As the boy had given a false age of 16 years and looked every bit of 12, he could not be placed in the regular juvenile court, but was allowed to plead in the regular way.

It will be remembered that Reuss offered a \$25 reward for the capture of Fred when he left in August, and that he was caught and brought back from Alameda county. N. M. Reuss recovered the watch through the Santa Fe detective agency by offering a similar reward of \$25. Fred grew repentant the day after he was caught and returned the watch, which he had stolen from the Probation Officer, and was allowed to go home. Fred was given a fair promise to return the watch, which he did, and was given a "pleasure" book, and a "pleasure" book, and a "pleasure" book.

He was given a "pleasure" book, and a "pleasure" book, and a "pleasure" book.

DESPONDENT, SHE HURLS HERSELF FROM WINDOW

Woman Regrets Her Failure to Die, and
Says Life Is Burden to Her.

(SPECIAL TO THE TRIBUNE.)
SAN FRANCISCO, Oct. 10.—Believing that the insurance that she had on her life would be a benefit to her sister, and thinking that she would be better dead than worried in life separated from her friends, Mrs. Henrietta Campbell made a desperate attempt at suicide a little before 1 o'clock this morning by throwing herself from the second story window of the Woodman Hotel at Ninth and Polson streets, and then suffering awful torture, crawled for two blocks on her hands and knees to the corner of Eighth and Ringold street, where she was picked up in a fainting condition by a police officer and taken to the Central Emergency hospital.

SEPARATED FROM HUSBAND.
Mrs. Campbell has been separated from her husband for some time, but says that he still contributes to her support. She says that her life has been an unrelenting one for some time past and that this morning she decided to end it. She says she had hoped to obtain poison, but failing in that she decided to throw herself from the window, hoping to fall on

her head. But here her calculations failed and she went straight down, landing on her feet and breaking both legs.

At the hospital it was found that she had severe contusions of the head and body caused by crawling along the street beside internal injuries caused by the fall.

REGRETS FAILURE.
When seen this morning, Mrs. Campbell expressed regret that her attempt had failed and said that she desired to die so that her sister might have the insurance money.

"I am a burden on all who have anything to do with me," she said. "It would have been better had I succeeded in the attempt to end it all and I will get up in a fainting condition by a police officer and taken to the Central Emergency hospital."

FIGHT PROMOTERS ARE IN IMBROGLIO OVER PERMIT

Four Clubs Are in the Field for November Right to Hold San Francisco Scrap.

By EDDIE SMITH

Just where the olive little pea, which in this case takes the form of a prize fight permit for next month rests is worringly quarrelsome in the matter of the right to hold a scrap in San Francisco.

Neil O'Neil, a newcomer in the field, and other erudite persons believe that the right to hold a fight in the city of the Golden Gate belongs to the promoters of the fight. They claim that the city of San Francisco has no right to interfere with the fight, and that the fight should be held in the city of San Francisco.

The promoters of the fight are the San Francisco Athletic Club, the San Francisco Athletic Club, the San Francisco Athletic Club, and the San Francisco Athletic Club. They claim that the city of San Francisco has no right to interfere with the fight, and that the fight should be held in the city of San Francisco.
